

Thank you for purchasing the Alan Wilder Emax II Vol-1 VST instrument.

Now you have the very same sounds that the great Alan Wilder used at the 101 Depeche Mode tour.

Every included sound has been meticulously resampled, edited, looped and mapped across the keyboard. You can manipulate the sound envelope, pan, filter, adjust LFO and pitch the samples. Reverb is also included.

**NOTE: Please place the included fonts into you 'FONTS' folder on your computer. This will show the correct display like what is shown above.**

**To Install the VSTi: Place the entire folder into your VST plugins folder. When you then start your DAW, input your unique serial number and it will automatically be integrated within your setup.**

I hope you enjoy this VSTi release.

*With thanks to Mark Acosta & Joel Bisson for their input with this VST.*
