

ITALO DISCO – SET 5

Thank you for purchasing this Italo Disco Set 5 VST instrument.

The Italo Disco Set 5 VST is not just a repackage of the Italo Disco VST instruments previously available from Beat Machine, but a massive overhaul. A nicer GUI with more features like LFO, Pitch and LP Filter are now included, plus there are many extra quality Italo sounds for you to use in your productions.

NOTE: Please place the included fonts into you 'FONTS' folder on your computer. This will show the correct display like what is shown above.

To Install the VSTi: Place the entire folder into your VST plugins folder. When you then start your DAW, it will automatically be integrated within your setup.

For Logic and Sierra users, please download the installation guide which includes the OSX Validation Tool. It can be found on the VST instruments page of the Beat Machine website.

I hope you enjoy this VSTi release.

We are always interested in hearing any productions where you use any of our instruments or samples. Send us a link to info@beatmachine.co.uk or find us on Sound Cloud as Beat Machine Drum Sample Packs.

*Finally, may we ask you to **please not illegally share, duplicate or modify** this instrument in any way. Illegal distribution will only jeopardise future releases. Thank you.*
